AACIGGAAGATTAATTAAGACTITITITITITITITITI 3 ], double-stranded cDNA was ligated to Eco RI adaptors (Pharmacia), digested with Pac I and cloned into the Pac I and Eco RI sites of the medified p1713 vector. Library went through one round of normalization. Library constructed by Bento Soares and M.Fatima Bonaldo.

(Pharmacia) with a modified polylinker host-belin (ampicillin resistant) primer-W13PP1 Psitel-Not I Rsi-c2=Eco RI Adult female. Its strand CDNA was primed with a Not I - oligodil) primer [5] toTTACCAAPTGAAGGGGGGGGGGGGGTTITITITITITITITITI 3], double-stranded cDNA was ligated to Eco RI adaptors (Pharmacia), double-stranded with Not I and cloned into the Not I and Eco RI sites of a modified pi713 vector (Pharmacia). Library went through one round of normalization to a cot = 230. Library constructed by Bento Soares and M.Fatima Bonaldo.
                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   Bukaryotae; Metazoa; Eumetazoa; Bilateria; Coelomata; Deuterostomia; Chordata; Vertebrata; Gnathostomata; Osteichthyes; Sarcopterygil; Choanata; Tetrapoda; Amniota; Mammalia; Theria; Etheria; Archonta; Primates; Catarrhini; Hominidae; Homo. 1 (bases 1 to 421) [Hillier, Clark, N., Pubugue, T., Flliston, K., Hawkins, M., Hultman, M., Kucaba, T., Le, M., Lennon, G., Marra, M., Parsons, J.
